OUR STORY

More than 10 years of experience...

ARIANNE Relocation Canada was created in 1997 by its current owner, Manon Dumas, in order to respond to the needs of individuals and families relocating to Montreal Quebec Canada.

While managing a career and family counselling service organization, Manon saw an upward trend in relocated families seeking partner career counselling services as well as family support services. When she realized that there were no organizations in Montreal specialized in responding to the specific counselling and support service needs of expatriate families, she quickly decided to create ARIANNE Relocation.

ARIANNE was named after the "Myth of Ariadne and Theseus". In Greek mythology, Ariadne's thread guided Theseus out of the labyrinth.

The idea of basing our company name on a life saving guide made a lot of sense!

Since its beginning as a Montreal-based destination service provider, ARIANNE has proudly grown to offer services across Canada.

TESTIMONIAL

"Our move to Canada was our ninth relocation in 23 years and without a doubt the smoothest and happiest to date because of ARIANNE'S amazing professionalism and attention to detail. ARIANNE contacted me within 24 hours of our relocation confirmation to find out our concerns and needs which they began to address immediately. Their personal touch, fantastically human staff and genuine care for every member of my family - from 5 years to nearly 50 meant that all four of our children, my husband and I all had the happiest of arrivals and relocation to our new life in Montreal."

OUR OFFICE

Conveniently located a few minutes from downtown Montreal, ARIANNE'S space was designed to facilitate social gatherings with its open area concept and circular bar.

The historical aspect of the building inspired the interior design. It was enriched with imported materials from Bali and completed by the creation of a fresco by a local artist.

ARIANNE'S space is made available for social gathering, cultural events, exhibitions and filming.

It is a unique place where people gather and share their experiences.
